About the Susan G. Komen Breast Cancer Foundation

The Susan G. Komen Breast Cancer Foundation is fighting to eradicate breast cancer as a life-threatening disease. In addition to funding research, the Komen Foundation supports education, screening and treatment projects in communities around the world and delivers the life-saving message of early detection to millions of women and men.

Since 1999, Komen's Florida Suncoast Affiliate has grown to serve Hillsborough, Manatee, Pasco, Pinellas, Polk and Sarasota counties. Seventy-five percent of funds raised by events like the annual Komen Race for the Cure[®] go directly to the community, with the remainder going to the national Foundation's research and awards program. In 2006, \$686,000 has been awarded to 16 grantees to support a variety of programs providing breast health education, clinical breast exams, screening mammography and diagnostic evaluations in the community.
