

Thermoplastic LED Exit Sign Series

Slim profile thermoplastic LED exit signs offer long lamp life, energy efficiency and uniform illumination in an economical package. These signs possess premium installation features such as a snap-fit canopy and housing, along with push out chevron directional indicators.

Features

- Long life, energy-saving LED lamps
- Snap-fit faceplate installs without the use of tools
- Integral wiring channels to facilitate installation
- Universal mounting pattern knockouts in back plate for J-box mounting
- Snap-fit canopy (included) enables speedy top or end mounting
- Universal single face and double face (extra faceplate included)
- Dual voltage 120/277 VAC operation
- Maintenance-free sealed nickel cadmium battery (battery backup versions)
- Damp location listed
